

## Meeting Minutes Transmittal

300 Area FH Facility Transition General Topics  
Project Managers' Meeting  
Federal Building/Room 269  
Richland, Washington

July 13, 2000  
1:30 p.m. to 2:15 p.m.

**RECEIVED**  
OCT 19 2000  
**EDMC**

The undersigned indicate by their signatures that these meetings minutes reflect the actual occurrences of the above dated Unit Managers Meeting.

David W. Templeton Date: 9-14-00  
David W. Templeton, Project Manager, RL

A. B. Stone Date: 9/14/00  
A. B. Stone, Project Manager, Washington State Department of Ecology

300 Area FH Facility Transition General Topics PMM, FH Concurrence

D. E. Rasmussen Date: 9/14/00  
D. E. Rasmussen, Contractor Representative, FH

**Purpose: Discuss FH 300 Area Facility Transition General Topics**

**Meeting Minutes are attached. The minutes are comprised of the following:**

**Attachment 1 - Agenda**

**Attachment 2 - Summary of Discussion and Commitments/Agreements**

**Attachment 3 - Attendance List**

**Attachment 4 - Pathforward 327 Facility Deactivation Project 7/10/00**

## **Attachment 1**

### **300 Area FH Facility Transition General Topics Project Managers' Meeting Federal Building, Room 269 Richland, Washington**

**July 13, 2000  
1:30 – 2:15 p.m.**

#### **AGENDA**

1. Introduction
2. Previous meeting minutes
3. 300 Area WATS status
4. Unirradiated uranium disposition -- status/plans
5. Silver list issues closeout status, 324/327
  - 11.8 324 Building, Na-contaminated shielded glovebox (SCW)
  - 16.3.8 324 Building, tanks secondary containment and leak detection/RLWS
  - 16.3.11 327 Building, RLWS secondary containment and leak detection
6. Other topics/discussion
  - a. 327 TRU Special Case Waste (SCW) one-gallon containers status
  - b. WIDS sites
    - WIDS sub-sites for 324/327 (RL letter 99-EAP-505)
    - WIDS RCRA/CERCLA integration
  - c. 327 basement legacy container status
  - d. 324/327 Quarterly waste tracking update - to be provided to Ecology by third week of July (for quarter ending 6/30/00)
  - e. Other topics
    - SCW Project Management Plan status/update
6. Schedule next meeting

## **Attachment 2**

### **300 Area FH Facility Transition General Topics Project Managers' Meeting Federal Building, Room 269 Richland, Washington**

**July 13, 2000  
1:30 p.m. - 2:15 p.m.**

**1. Introduction**

There were no new introductions made.

**2 Previous Meeting Minutes**

The May 18, 2000 Project Manager Meeting (PMM) minutes were approved.

**3. 300 Area WATS status**

J. Remaize (FH) stated that until the closure plan is approved, there are no issues to discuss. The closure plan is being incorporated into Mod E of the RCRA Permit, and Mod E is being held up due to an on-going effort to resolve issues regarding TSD units associated with the FH Waste Management Project. A. Stone (Ecology) noted that the 300 Area WATS is J. Wallace's (Ecology) responsibility until closure of the facility is achieved. J. Perry (FH) agreed to contact J. Wallace and ask if the 300 Area WATS status should be included in the Waste Management PMMs.

**4. Unirradiated uranium disposition -- status/plans/update**

D. Evans (FH) reported that funding is currently available to proceed with shipping some of the T-hoppers. Seventy-eight T-hoppers have been painted, and there is sufficient funding to move about 48. FH is pursuing funding for the remaining T-hoppers, billets, and the unirradiated fuel. A Safety Analysis Review for Packaging (SARP) is needed from DOE Headquarters to approve shipping the billets. Additional SARP work is needed to complete on-site shipping unirradiated fuel, which does not require Headquarters' approval. D. Evans noted that the intent is still to meet the milestone, but it is not guaranteed due to funding.

Mr. Stone asked if the multiple 200 Area storage locations are still being evaluated. Mr. Evans said yes.

**5. Silver list issues closeout status, 324/327**

- 11.8      324 Building; Na-contaminated shielded glovebox (SCW)
- 16.3.8    324 Building; tanks secondary containment and leak detection
- 16.3.11   327 Building, RLWS secondary containment and leak detection

T. Masterson-Heggen (Ecology) was recently assigned responsibility for closeout of the remaining Silver list issues. This issue is on hold.

6. Other topics/discussion

a. 327 TRU Special-Case Waste (SCW) one-gallon container status

D. Rasmussen (FH) distributed a handout on the path forward 327 deactivation project, 7/10/00 (Attachment 5). Twelve legacy buckets and seven hot cell cleanout buckets have been shipped since 5/15/00.

b. 327 basement legacy container status/update

D. Rasmussen reported that the status is unchanged since the 5/18/00 PMM. (see handout attached to 5/18/00 meeting minutes.)

c. WIDS Sites

- WIDS sub-sites for 324/327 (RL letter 99-EAP-505)

A. Stone stated that this issue is still on hold.

d. 324/327 Quarterly waste tracking update - to be provided to Ecology by third week of July (for quarter ending 6/30/00)

D. Rasmussen confirmed that the waste tracking update will be provided to Ecology next week.

e. Other topics

J. Perry stated that DOE-RL has received the 300 Area accelerated closure proposal and is in the process of reviewing it. DOE-RL has requested that the proposal not be discussed until senior management completes its review, currently targeted for July 17, 2000. A. Stone noted that Ecology was promised a copy of the proposal for simultaneous review. Mr. Stone said that Ecology would like to review the report/proposal before it is shared with the HAB. A. Timouri (DOE-RL) clarified that release of the proposal for review was promised if senior DOE-RL management approved the document. A. Stone indicated he was not aware of that agreement. A. Stone reiterated Ecology's interest in receiving a copy of the proposal, and asked if the proposal would be available after July 17. A. Timouri responded that the proposal will be available as soon as it is approved by DOE-RL. However, A. Timouri pointed out that the proposal may not be approved, and further review would not be necessary.

7. Schedule next meeting

The next meeting was scheduled for 1:30 on September 14, 2000 at the Federal Building in Richland, WA.
